Letter of Acknowledgment

We wish to express our gratitude to Mr. Rajeev Choubey for his visit to the Citizen Security and Justice Programme (CSJP), a Crime prevention initiative operating in 50 volatile and vulnerable communities across Jamaica.

Mr. Choubey visited several schools and interacted with personnel from CSJP, the Jamaica Defence Force, the Police. The meetings were very informative and provided an opportunity for Mr. Choubey to learn about policing in Jamaica in addition to their Safe School Initiative, the impact of the CSJP Programme within communities and on individuals who were engaged in the Programme.

The exchange of knowledge was mutually beneficial as he shared his strategies and intervention tools with respect to his School Safety Programme in India. Some of his Practical and Path breaking Interventions will be incorporated in our Programmes.

It was certainly a pleasure to have hosted Mr. Choubey and we look forward to a fruitful Collaboration.

Sincerely,

Denise Adams,
